

# JORDA MELCHIOR

JUNIOR SOFTWARE ENGINEER AND  
JUNIOR WEB DEVELOPER

## INFORMATION

**Phone:** +34 614 315 855  
**Email:** jorda.j.fr@gmail.com  
**LinkedIn:** Melchior Jorda  
**Github:** M-Jorda  
**Website:** melchior-jorda.online

## PROFIL

From a young age, programming has brought my ideas to life. My culinary background made me versatile and I am a fast learner, with skills in organisation, creativity, teamwork and attention to detail.

## Programation

**Frontend :** Experience in **HTML/CSS**, **Javascript**, **Bootstrap** and **Angular** to create dynamic and responsive interfaces.

**Backend :** Proficient in **PHP**, **Symfony**, **MySQL**, **Java** and **C**, with experience in **OOP** for software development.

**Tools :** Use of **Github**, **Bitbucket**, **Trello**, **Figma** and **SEO** for project management and optimised designs.

## Professionals expeperiences

## IT PROJECTS

### Event Organisation Application

2024

Built with Symfony, I developed skills in PHP, Twig, MySQL, and tools like Figma, Trello, PhpStorm, and PhpMyAdmin, strengthening my web development expertise.

### Online Auction Site

2024

Developed with HTML, Bootstrap, Java, and JavaScript: This project deepened my understanding of Object-Oriented Programming (OOP).

## EXPERIENCES

### Video Game Tester – Localsoft

2025

As a LQA Tester at Localsoft, I analyzed bugs, wrote test reports, and collaborated with dev teams using client tools, sharpening my attention to detail and testing methodologies.

### Internship: I developed a quiz app and a website for events.

2024

I developed a quiz app and an event website, improving my project management, autonomy, and tech watch skills using VSCode, Bitbucket, Trello, Node.js, Electron.js, jQuery, and MySQL.

### Various Roles

2011 - 2023

My roles in home care and socio-educational work enhanced my adaptability and problem-solving skills.

## Education

**Common core :** School 42 (largest network of IT schools in the world)

2024 - 2025

**Web and Mobile Developer Degree :** ENI School of Informatic

2023 - 2024

## Languages

**French**

Native

**English**

Fluent

**Spanish**

Intermediate

## Hobbies

Passionate about **beach-volley**, **travel** (Asia, Oceania, Europe), and **video games**, especially management games and development with **Unreal Engine**.
